Kansas Housing Resources Corporation (KHRC)'s mission is to help Kansans access the safe, affordable housing they need and the dignity they deserve. KHRC is a self-supporting, nonprofit, public corporation that serves as the primary administrator of federal housing programs for the State of Kansas. ROMA Task Force meetings, bi-monthly meetings with the KACAP Board of Directors, monthly meetings with KACAP, and regular email communication. 4) KHRC, in partnership with KACAP, will develop and maintain effective linkages at the state level to ensure increased access and resource acquisition for CSBG Eligible Entities and their customers. 5) KHRC, in partnership with KACAP, will coordinate the delivery of effective training to help promote high-performing CSBG Eligible Entities.

<i>(Note: This information is associated with State Accountability Measures ISa(ii) and may pre-populate the State's annual report form)</i>	
<p>KHRC has taken the following steps to work with the CSBG Eligible Entities and KACAP to develop the state plan: 1) The CSBG Program Manager provides program updates and solicits feedback at the start of each KACAP Board of Directors meeting. 2) KHRC and KACAP have regular and consistent collaboration meetings to discuss the Training and Technical Assistance (T/TA) needs of the Community Action Network. 3) KHRC facilitates quarterly meetings of the KanDo! ROMA Task Force. These meetings focus on data reporting and technical assistance needs of the network. 4) KHRC scheduled two virtual State Plan Workgroup meetings on July 19, 2021, and two public hearings during the development of the CSBG State Plan. The first public hearing was held on August 3, 2021, at KACAP to solicit input from the CSBG Eligible Entities and the public on the proposed state plan. This hearing was scheduled to coincide with the KACAP Board of Directors meeting to maximize the participation of the Community Action Network. The second and final public hearing was held on August 18, 2021, at the Topeka and Shawnee County Public Library during which the CSBG Program Manager requested additional public comments but received none.</p>

<p>1) encourage eligible entity participation and 2) ensure the State Plan reflects input from eligible entities?</p> <p>Any adjustment should be based on the State's analysis of past performance in these areas, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the State is not making any adjustments, provide further detail.</p>	
<i>(Note: This information is associated with State Accountability Measures ISb(i) and (ii) and pre-populate the Annual Report, Module 1, Item B.1.)</i>	
<p>ACSI Survey results from June 2021 encouraged KHRC to develop a plan for improvement on communication, linkages, and development of the CSBG State Plan. This included adding two State Plan Workgroup virtual opportunities on July 19, 2021. The Workgroup meetings included a detailed review of the ACSI Survey Results, plan of improvement, and the new state ACSI score goal. The additional opportunity for review and feedback will help assure communication is effective. Ongoing and consistent efforts are made by KHRC staff and the CSBG Program Manager for open and transparent communication which allows for valuable input on multiple areas of the state plan, such as monitoring, T/TA, state use of funds, ROMA, linkages, and Tripartite Boards. KHRC would like to continue to develop a trusted team approach relationship.</p>	
3.5. Eligible Entity Overall Satisfaction:	
Provide the State's target for eligible entity Overall Satisfaction during the performance period:	
Year One	65
Year Two	65
<p>Instructional Note: The state's target score will indicate improvement or maintenance of the state's Overall Satisfaction score from the most recent American Customer Survey Index (ACSI) survey of the state's eligible entities.</p> <p><i>(Note: Item 3.5 is associated with State Accountability Measure 8S and may pre-populate the State's annual report form)</i></p>

Select the method (formula) that best describes the current practice for allocating CSBG funds to eligible entities.

- Historic

7.1a. Formula Description: Describe the current practice for allocating CSBG funds to eligible entities.

The CSBG allocation formula gives consideration to the total population for whom poverty status is determined, low-income population (below poverty level), and territory (square mileage), and is re-calculated each year prior to submission of the State Plan. Using the current America Community Survey 5-year estimates, the total population for whom poverty status is determined and the low-income population is identified for each county. Counties are grouped by eligible entity service area. Each entities percentage share of the States total population and the percentage share of the States low-income population is calculated. The territory is determined by using square mileage as calculated for use with the most recent Census. Counties are grouped by eligible entity service area. Each entity's percentage share of the States total square mileage is calculated. Each element (total population, low-income population, and territory) is assigned a weight: total population at one percent; the low-income population at ninety percent, and territory at nine percent; these weighted values are summed to achieve the agencies proportionate share. For each agency, the total of the assigned values (total population value plus low-income population value plus territory value) is multiplied by the estimated pass-through amount (90% of current year Kansas CSBG allocation). The result is the agencies FFY proportionate share in dollars. 7.1b. Statute: Does a state statutory or regulatory authority specify the formula for allocating "not less than 90 percent" funds among eligible entities? Yes No

7.2. Planned Allocation:

Specify the percentage of your CSBG planned allocation that will be funded to eligible entities and "not less than of 90 percent funds" as described under Section 675C(a) of the CSBG Act.

In the table, provide the planned allocation for each eligible entity receiving funds for the fiscal year(s) covered by this plan.

7.3. Distribution Process:

Describe the specific steps in the state's process for distributing 90 percent funds to the eligible entities and include the number of days each step is expected to take; include information about state legislative approval or other types of administrative approval (such as approval by a board or commission).

The Kansas CSBG program year is April 1 through March 31. To mitigate delays typical within the Federal budget process, KHRC issues pass-through CSBG grants to Community Action Agencies six months after the start of the Federal fiscal year; continuation grants coincide with the Kansas CSBG program year (April through March). Accordingly, Community Action Agencies must build their budgets and structure their use of the annual awards on the twelve-month (April through March) program year. Community Action Agencies are, however, provided a grant period of eighteen months (April through September) to use their CSBG awards. In order to receive funding for a given program year, Community Action Agencies are required to submit an annual application to KHRC. Typical applications must include an application summary, response to triennial community needs assessment, a community action plan with targets, budget, cost allocation plan or indirect cost rate, current operating documents, certifications, and assurances as prescribed by HHS. To allow sufficient time for CSBG Eligible Entities to prepare the application and to receive board approval of the application, the release of instructions, including the announcement of the due date, is targeted 60 days prior to the due date. Entities anticipate a due date in late February or early March. Upon receipt of the refunding materials, KHRC staff review the application to ensure that all required elements have been supplied. Entities submitting incomplete applications are notified and asked to submit the missing element(s). No application is knowingly accepted absent required information. Upon acceptance of the refunding application, KHRC issues a Notice of Award/Grant Agreement which includes contractual provisions, notification of special grant conditions (if applicable), and other information which, from time to time, may be applicable. The accepted application is considered part of the binding grant agreement. So that the refunding process does not disrupt the flow of resources and based upon a renewal clause within the previous year's Notice/Agreement, entities may request an advance on the ensuing year's allotment. Entities report CSBG expenditures and receipts using the Grant Transaction Report (GTR) as provided by KHRC. These monthly reports are typically due to KHRC on the 15th of the month following the activity and are the vehicle that generates an end-of-the-month payment in the amount requested by the entity. KHRC's procedures state, "Payments will be processed to arrive on or near the first day of the month." Typically, however, payments responsive to the timely submission of GTRs are deposited to entity bank accounts between the 20th and the 28th day of each month. KHRC systems allow off-schedule payments should an entity feel such a request is necessary.

7.4. Distribution Timeframe:

Does the state plan to make funds available to eligible entities no later than 30 calendar days after OCS distributes the federal award? Yes No

7.4a. Distribution Consistency: If no, describe state procedures to ensure funds are made available to eligible entities consistently and without interruption.

Note: Item 7.4 is associated with State Accountability Measure 2Sa and may prepopulate the state's annual report form.

Please see the above response in 7.3.

7.5. Performance Management Adjustment:

Describe the state's strategy for improving grant and/or contract administration procedures under this State Plan as compared to past plans. Any improvements should be based on analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any improvements, provide further detail.

Note: This information is associated with State Accountability Measure 2Sb and may prepopulate the state's annual report form.

Comments during meetings, including the facilitated network meeting and public hearings, is that some agencies would like KHRC to implement a cap on the amount of funding any given eligible entity could lose in a single funding year. Some agencies would like KHRC to consider adding to the current allocation policy to consider some of the allocation to be based on performance. There have also been comments shared during network meetings that the refunding application is too cumbersome. In response to this comment, KHRC will continue to look for ways to simplify the refunding application. KHRC will continue to encourage CSBG Eligible Entities to provide input on other needed revisions to grant administration procedures.

Administrative Funds [Section 675C(b)(2) of the CSBG Act]

Note: This information pre-populates the state's Annual Report, Module 1, Table E.4.

7.6. Allocated Funds: Specify the percentage of your CSBG planned allocation for administrative activities for the FFY(s) covered by this State plan.

Year One (0.00%)	5.00	Year Two (0.00%)	5.00
------------------	------	------------------	------

7.7. State Staff: Provide the number of state staff positions to be funded in whole or in part with CSBG funds for the FFY(s) covered by this State Plan

Year One	18.00	Year Two	18.00

----------	------	----------	------

7.9. Remainder/Discretionary Funds Use: Does the state have remainder/discretionary funds, as described in Section 675C(b)(1) of the CSBG Act? Yes No

If yes, provide the allocated percentage and describe the use of the remainder/discretionary funds in the table below.

Year One (0.00%)	5.00%	Year Two (0.00%)	5.00%
------------------	-------	------------------	-------

Use of Remainder/Discretionary Funds(See Section 675C(b)(1) of the CSBG Act)

Note: This response will link to the corresponding assurance, Item 14.2.

Instructional Note: The assurance under 676(b)(2) of the Act (Item 14.2 of this State Plan) specifically requires a description of how the state intends to use remainder/discretionary funds to "support innovative community and neighborhood-based initiatives related to the purposes of [the CSBG Act]." Include this description in Item 7.9f of the table below.

If a funded activity fits under more than one category in the table, allocate the funds among the categories. For example, if the state provides funds under a contract with the State Community Action association to provide training and technical assistance to eligible entities and to create a statewide data system, the funds for that contract should be allocated appropriately between Items 7.9a. - 7.9c. If allocation is not possible, the state may allocate the funds to the main category with which the activity is associated.

7.11. Performance Management Adjustment:
Describe any adjustments the state will make to the use of remainder/discretionary funds under this State Plan as compared to past plans. Any adjustment should be based on the state's analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any adjustments, provide further detail.

Note: This information is associated with State Accountability Measures 3Sb, and may pre-populate the State's annual report form.

KHRC discretionary funding applications require collaboration with the applicable service area eligible entity to prevent duplicated services and encourage linkages. The CSBG Program Manager has provided a more comprehensive definition of how KHRC defines innovation when posting notices of funding availability. Innovative does not always mean the development of a new program. KHRC continues to establish guidelines for awarding discretionary grants as authorized by the Kansas Community Services Block Grant (CSBG). The primary intended use of the grant funds awarded to Kansas and to sub-grantees is to provide assistance to local communities in Kansas, working through a network of Community Action Agencies and other neighborhood-based organizations, for the reduction of poverty, the revitalization of low-income communities, and the empowerment of low-income families and individuals in rural and urban areas to become fully self-sufficient. CSBG Purpose and Goals: -Promoting maximum participation of people and communities with low-income, -Leveraging resources of other anti-poverty programs, -Strengthening community capabilities for planning or coordinating resources for local needs and conditions of poverty, -Using innovative approaches to address causes and conditions of poverty, and -Measuring impact to ensure accountability and ongoing data-driven quality improvement.

Add a row for each activity: indicate the timeframe; whether it is training, technical assistance or both; and the topic.

(CSBG funding used for this activity is referenced under item 7.9a Use of, Remainder/Discretionary Funds. States should also describe training and technical assistance activities performed directly by state staff, regardless of whether these activities are funded with remainder/discretionary funds.)

Note: This information is associated with State Accountability Measure 3Scand pre-populates the Annual Report, Module 1, Table F.1.

Year One	\$149,951	Year Two	\$149,951
-----------------	-----------	-----------------	-----------

8.1b. Training and Technical Assistance Collaboration: Describe how the state will collaborate with the state association and other stakeholders in the planning and delivery of training and technical assistance.

KHRC works closely with KACAP and CSBG Eligible Entities to identify the Training and Technical Assistance (T/TA) needs of the network. KHRC will continue to have regular ongoing meetings with the KACAP to discuss T/TA needs and activities, including those related to the Regional Performance Innovation Consortium (RPIC). KHRC will continue to attend the beginning of each bi-monthly KACAP Board of Directors meeting and coordinate the quarterly meetings of the KanDo! ROMA Taskforce. These meetings provide KHRC the opportunity to learn more about the T/TA needs of the eligible entities so that activities are relevant and meet the needs of the network. KACAP and KHRC collaborate together on reviewing the statewide T/TA Needs Assessment results and work together on developing the Kansas T/TA plan. The T/TA activities offered by KHRC will be coordinated with KACAP and will be designed to meet the specific needs of the network. The T/TA activities may be targeted to specific individual agencies or designed for the entire network. When appropriate, CSBG discretionary funding is made available to cover the cost for the T/TA activities. KHRC will continue to support the annual Kansas Conference on Poverty, a statewide conference put on by the KACAP each July.

8.2. TAPs and QIPs: Does the state have Technical Assistance Plans (TAPs) or Quality Improvement Plans (QIPs) in place for all eligible entities with unmet organizational standards, if appropriate? Yes No

Note: This information is associated with State Accountability Measure 6Sb.QIPs are described in Section 678C(a)(4) of the CSBG Act. If the State, according to their corrective action procedures, does not plan to put a QIP in place for an eligible entity with one or more unmet organizational standards, the State should put a TAP in place to support the entity in meeting the standard(s).

8.2a. Address Unmet Organizational Standards: Describe the state's plan to provide T/TA to eligible entities to ensure they address unmet Organizational Standards. As described in 8.1b, KHRC works closely with eligible entities to identify T/TA needs, including those related to unmet organizational standards. Not only is this information gathered by attending the meetings identified in 8.1b, but it is also discussed at the end of monitoring visits. When needed, KHRC will offer direct technical assistance to an eligible entity to help the agency meet requirements for organizational standards. CSBG discretionary funding may be used to support that T/TA need. In addition, KHRC plans to offer annual CSBG Organizational Standards training including expectations of the documentation required to demonstrate compliance of each standard.

8.3. Training and Technical Assistance Organizations: Indicate the types of organizations through which the State Plans to provide training and/or technical assistance as described in item 8.1, and briefly describe their involvement. *[Check all that apply.]*

<input type="checkbox"/>	CSBG eligible entities <i>(if checked, provide the expected number of CSBG eligible entities to receive funds)</i>

<input type="checkbox"/>	Other

8.4. Performance Management Adjustment: Describe adjustments the state made to the training and technical assistance plan under this State Plan as compared to past plans. Any adjustment should be based on the state's analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any adjustments, provide further detail.

Note: This information is associated with State Accountability Measures 3Sd may pre-populate the state's annual report form

KHRC collaborates with KACAP to develop and/or update a statewide assessment for the Kansas CSBG eligible entities. This assessment leads to the development and/or update of the Kansas Training and Technical Assistance Plan. Each year, KHRC awards discretionary funds to KACAP to support the annual Kansas Conference on Poverty, a statewide conference that delivers specific T/TA activities in response to the high priority technical assistance needs identified in the Kansas Training and Technical Assistance Plan. One-on-one T/TA is provided to eligible entities ongoing and/or as needed.

SECTION 9 State Linkages and Communication

Note: This section describes activities that the state may support with CSBG remainder/discretionary funds, described under Section 675C(b)(1) of the CSBG Act. The state may indicate planned use of remainder/discretionary funds for linkage/communication activities in Section 7, State Use of Funds, items 7.9(b) and (c).

9.1. State Linkages and Coordination at the state Level:

Describe the linkages and coordination at the state level that the State intends to create or maintain to ensure increased access to CSBG services to low-income people and communities under this State Plan and avoid duplication of services (as required by the assurance under Section 676(b)(5)).

Describe additional information as needed. [Check all that apply from the list below and provide a narrative]

Note: This response will link to the corresponding CSBG assurance, item 14.5. In addition, this item is associated with State Accountability Measure 7Sa and may pre-populate the State's Annual Report, Module 1, Item G.1.

- State Low Income Home Energy Assistance Program (LIHEAP) office
- State Weatherization office
- State Temporary Assistance for Needy Families (TANF) office
- State Head Start office
- State public health office
- State education department
- State Workforce Innovation and Opportunity Act (WIOA) agency
- State budget office
- Supplemental Nutrition Assistance Program (SNAP)
- State child welfare office
- State housing office
- Other

Please see the below response in 9.2.

9.2. State Linkages and Coordination at the Local Level:

Describe the linkages and coordination at the local level that the state intends to create or maintain with governmental and other social services, especially antipoverty programs, to assure the effective delivery of and coordination of CSBG services to low-income people and communities and avoid duplication of services, (and as required by assurances under Sections 676(b)(5) - (6))

Note: This response will link to the corresponding CSBG assurances, items 14.5 and 14.6., and pre-populates the Annual Report, Module 1, Item G.2.

In addition to CSBG, KHRC is the State lead for other programs specifically targeted to benefit individuals with low incomes, including the Weatherization Assistance Program (WAP), Emergency Solutions Grant (ESG), and Tenant-Based Rental Assistance (TBRA). A comprehensive view of KHRC's programs can be viewed at <https://kshousingcorp.org>. KHRC has long partnered with the Kansas Department for Children and Families (DCF). DCF administers TANF, LIHEAP, SNAP, and serves as the child welfare office. KHRC coordinates outreach efforts with the Kansas State Department of Education and Kansas Department of Labor, especially with recent Kansas Emergency Rental Assistance (KERA) activities. KHRC reports and interacts with the Kansas Division of Budget on at least a monthly basis. These activities are among the many that allow KHRC to understand the challenges faced by low-income individuals and communities. Importantly, KHRC's many affiliations provide forums through which effective, non-duplicative solutions can be explored and deployed. In addition to the activities described above, KHRC will continue to support KACAP's annual Conference on Poverty, a statewide conference that brings together a wide range of stakeholders. The Conference on Poverty provides an opportunity for CSBG Eligible Entities to network with State departments and create linkages to increase access to services for their customers.

9.3. Eligible Entity Linkages and Coordination

9.3a. State Assurance of Eligible Entity Linkages and Coordination:

Describe how the state will assure that the eligible entities will coordinate and establish linkages to assure the effective delivery of and coordination of CSBG services to low-income people and communities and avoid duplication of services (as required by the assurance under Section 676(b)(5)).

Note: This response will link to the corresponding CSBG assurance, item 14.5. and pre-populates the Annual Report, Module 1, Item G.3a.

During the annual CSBG application submission, eligible entities certify that they will coordinate and establish linkages between governmental and other social services programs to assure the effective delivery of services to low-income individuals and to avoid duplication of services. Each eligible entity tracks linkages ongoing. These linkages are verified and evaluated periodically and/or during CSBG on-site monitoring visits. In addition, eligible entities report the progress of linkages during CSBG narrative and module reporting periods.

9.3b State Assurance of Eligible Entity Linkages to Fill Service Gaps:

Describe how the eligible entities will develop linkages to fill identified gaps in the services, through the provision of information, referrals, case management, and follow-up consultations, according to the assurance under Section 676(b)(3)(B) of the CSBG Act.

Note: This response will link to the corresponding CSBG assurance, item 14.3b., and pre-populates the Annual Report, Module 1, Item G.3b.

All Kansas CSBG Eligible Entities operate within a network of local social service providers ongoing. These networks exist in order to reduce duplication of effort, coordinate resources, and develop referral networks to address customer and/or community needs. Networks throughout the state include ongoing city, county, and/or regional area coalitions or workgroups.

9.4. Workforce Innovation and Opportunity Act (WIOA) Employment and Training Activities:

Does the state intend to include CSBG employment and training activities as part of a WIOA Combined State Plan, as allowed under the Workforce Innovation and Opportunity Act (as required by the assurance under Section 676(b)(5) of the CSBG Act)? Yes No

Note: This response will link to the corresponding CSBG assurance, item 14.5.

9.4a. WIOA Combined Plan: If the state selected "yes" under item 9.4, provide the CSBG-specific information included in the state's WIOA Combined Plan. This information includes a description of how the state and the eligible entities will coordinate the provision of employment and training activities through statewide and local WIOA workforce development systems. This information may also include examples of innovative employment and training programs and activities conducted by community action agencies or other neighborhood-based organizations as part of a community antipoverty strategy.

9.4b. Employment and Training Activities: If the state selected "no" under item 9.4, describe the coordination of employment and training activities, as defined in Section 3 of WIOA, by the state and by eligible entities providing activities through the WIOA system.

Although the Kansas Workforce Innovation and Opportunity Act (WIOA) Combined Plan does not specifically include CSBG eligible entities, entities partner and coordinate activities with the local Kansas Workforce Centers <https://www.kansascommerce.gov/contact/contact-workforce> on a regular basis. The Kansas WIOA is delivered by the Department for Commerce. WIOA continues to include the mandate that any programs that provide employment and training activities carried out under the Community Services Block Grant Act are required partners. Employment and training activities are defined as any activity described in Section 134 of WIOA, and includes activities such as job search and placement assistance, career counseling, job recruitment, providing workforce and labor statistics such as job vacancy listings and job market information, providing information regarding the filing of claims for unemployment compensation, assistance in establishing eligibility for programs of financial aid assistance for training and education programs that are not funded under WIOA, or referrals to any such services. During the annual CSBG application submission, eligible entities describe how they coordinate and establish linkages for the provision of employment and training activities with entities providing activities through statewide and local workforce investment systems and other programs, to assure the effective delivery of services to low-income individuals and to avoid duplication of services. Each eligible entity tracks activities ongoing. These activities are verified and evaluated periodically and/or during CSBG on-site monitoring visits. In addition, eligible entities report the progress of activities during CSBG narrative and module reporting periods.

9.5. Emergency Energy Crisis Intervention:

Describe how the state will assure, where appropriate, that emergency energy crisis intervention programs under Title XXVI (relating to Low-Income Home Energy Assistance) are conducted in each community in the state, as required by the assurance under Section 676(b)(6) of the CSBG Act).

Note: This response will link to the corresponding CSBG assurance, item 14.6.

During the annual CSBG application submission, eligible entities certify that they will ensure coordination between anti-poverty programs in their communities and ensure, where appropriate, that emergency energy crisis intervention programs under title XXVI (relating to low-income home energy assistance) are conducted. The Kansas Low-Income Energy Assistance Program (LIEAP) is delivered by the Department for Children and Families (DCF). The Kansas CSBG policy requires eligible entities to communicate with emergency energy crisis intervention programs at the local level. KHRC alerts eligible entities of DCF's LIEAP application period and as it becomes known. Typically, eligible entities relay the information to their customers and in some cases, assist customers in completing the application. Given that KHRC administers the Weatherization Assistance Program (WAP), regular conversations between KHRC and DCF frequently occur. At least once each year, KHRC staff will meet with LIEAP (Low-Income Energy Assistance Program) staff to support ongoing collaboration and to explore avenues for further cooperation between the two programs. To the maximum extent possible, KHRC and LIEAP staff will jointly participate in interagency task forces. Through these efforts, KHRC staff will seek further avenues through which CSBG and LIEAP can work together. Eligible entities execute the assurance by maintaining communication with local DCF service center offices <http://www.dcf.ks.gov/DCFContacts/Pages/default.aspx> that distribute LIEAP funds. Eligible entities make reasonable efforts to establish procedures for sharing information on recipients of energy assistance services with local LIEAP programs so that duplication of energy assistance services can be avoided. KHRC staff may review efforts to coordinate services with LIEAP through its monitoring of eligible entities.

9.6. Faith-based Organizations, Charitable Groups, Community Organizations:

Describe how the state will assure local eligible entities will coordinate and form partnerships with other organizations, including faith-based organizations, charitable groups, and community organizations, according to the state's assurance under Section 676(b)(9) of the CSBG Act.

Note: this response will link to the corresponding assurance, item 14.9.

Kansas Eligible Entities have a long history of working in partnership with a variety of groups, organizations, and institutions. Many of these groups are represented on CSBG Eligible Entities' Boards of Directors. Included are banks, chambers of commerce, child care providers, civic groups, faith-based organizations, governmental entities, health care institutions, and practitioners, neighborhood groups, schools, service providers, private foundations, professional associations, and unions. KHRC encourages eligible entities to inventory their partnerships, to intentionally consider the scope and depth of each, and to tie each partnership to their respective strategic plans. Each eligible entity tracks partnerships ongoing. These partnerships are verified and evaluated periodically and/or during CSBG on-site monitoring visits. In addition, eligible entities report progress during CSBG narrative and module reporting periods.

9.7. Coordination of Eligible Entity 90 Percent Funds with Public/Private Resources:

Describe how the eligible entities will coordinate CSBG 90 percent funds with other public and private resources, according to the assurance under Section 676(b)(3)(C) of the CSBG Act.

Note: this response will link to the corresponding assurance, item 14.3c.

A strength of the Kansas Network is the ability of the entities to use their CSBG dollars to leverage additional public and private resources to target to achieve outcomes within the framework of the three national goals. In addition to the direct services provided for low-income families and communities, CSBG resources are used to support the infrastructure of Kansas Eligible Entities. This coordinated and comprehensive approach to mitigating the causes and effects of poverty pursued by Kansas entities requires sound systems of governance and of fiscal and personnel management. CSBG funds allow Kansas CSBG Eligible Entities to develop and maintain these essential systems. The resulting accountability and capacity enable Kansas agencies to access, or leverage, additional public, and private resources to further their direct service efforts. According to the FFY 2019 State CSBG Facts Sheet published by NASCSP at <https://nascsp.org/wp-content/uploads/2021/04/Kansas.pdf>, Kansas eligible entities reported for every \$1 of CSBG, Kansas eligible entities leveraged \$8.45 from federal, state, local, and private sources, including the value of volunteers.

9.8. Coordination among Eligible Entities and State Community Action Association:

Describe state activities for supporting coordination among the eligible entities and the state community action association.

Note: This information will pre-populate the Annual Report, Module 1, Item G.5.

As identified throughout this plan, KHRC continues its commitment to support coordination and collaboration among the eligible entities and KACAP together as a team. KHRC recognizes benefit in the association of the State's eligible entities and, as a best practice, encourages each to maintain a partnership with their peers through membership in KACAP. Tangible benefits accrue to affiliated entities and membership provides a vehicle through which entities can contribute to the statewide effort to impact the causes and effects of poverty. KHRC staff are willing and able to participate in all affinity groups or meetings lead by KACAP and/or eligible entities.

9.9. Communication with Eligible Entities and the State Community Action Association:

In the table below, detail how the state intends to communicate with eligible entities, the state community action association, and other partners identified under this State Plan on the topics listed below. For any topic that is not applicable, select "Not Applicable" under Expected Frequency.

9.10. Feedback to Eligible Entities and State Community Action Association: Describe how the state will provide information to local entities and state community action associations regarding performance on state accountability measures.			
<i>Note: This information is associated with State Accountability Measure 5S(iii). and will pre-populate the Annual Report, Module 1, Item G.6</i>			
Ongoing, KHRC provides information and feedback to local entities and KACAP through written/oral reports at the KACAP meeting immediately following the availability of the information. KACAP meetings typically occur on the first Tuesday of even-numbered months. The written report and any supplemental documents that may be included are delivered to entities upon completion of the meeting including those entities not represented at the meeting. If circumstances prevent an oral presentation, a written report providing feedback to local entities and KACAP regarding performance on State Accountability Measures will be provided within 60 days of the availability of the information. An oral report will follow at the next KACAP meeting.			
9.11. Performance Management Adjustment: Describe any adjustments the state made to the Communication Plan in this State Plan as compared to past plans. Any adjustment should be based on the state's analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any adjustments, provide further detail.			
<i>Note: This information is associated with State Accountability Measures 7Sb; this response may pre-populate the state's annual report form.</i>			
Consistent and ongoing communication with eligible entities and KACAP, individually and as a group through a variety of formats (email, video, phone, in-person) will help to develop a trusted working relationship based on collaboration, respect, and mutual support. KHRC will be a true partner in the work and purposes of CSBG. KHRC will continue to work toward and foster, open and transparent communication with all eligible entities and KACAP.

10.2. Monitoring Policies:

Provide a copy of state monitoring policies and procedures by attaching and/or providing a hyperlink.

Monitoring is an ongoing process that includes a review of grant applications, KanDo! ROMA quarterly reports, monthly Grant Transaction Reports (GTR), independent or single audit reports and management letters, governing board meeting agendas and minutes, and the review of monitoring reports from other entities (as available). On-site monitoring may occur at any time and without notice. Typically, however, written notice of the monitoring visit will be provided, at a minimum, one week in advance of the visit. CSBG Eligible Entities can generally anticipate a biennial (every other year) on-site review by KHRC staff for the purposes of monitoring. The monitoring review will determine the CSBG eligible entity's compliance with applicable federal regulations and state requirements, including, but not limited to, the Federal CSBG Act, Uniform Administrative Requirements for HHS Awards (45 C.F.R Part 75), Center of Excellence's CSBG Organizational Standards and the Kansas CSBG Policies and Procedures. An on-site monitoring visit may include, but is not limited to, a review of 1) Program policies and procedures 2) Income guidelines and verification procedures 3) Intake forms and procedures 4) Program work plans and activities 5) CSBG administrative files 6) Personnel policies, files, and job descriptions 7) Inventory and procurement procedures 8) Cooperative agreements and contracts, including consultant contracts 9) Organizational structure and lines of authority 10) Board member files, bylaws, and meeting documentation 11) Fiscal policies and practices 12) Service activity reports, data tracking, and reporting systems, and supporting documentation 13) Interviews with program staff regarding program operations and job functions 14) Interviews with administrative and fiscal staff 15) Interviews with members of the governing/administering boards. For additional information see Section 4 of KHRC's Kansas CSBG Policy and Procedure Manual.

Corrective Action, Termination and Reduction of Funding and Assurance Requirements (Section 678C of the Act)
10.4. Closing Findings: Are state procedures for addressing eligible entity findings/deficiencies and documenting the closure of findings, included in the State monitoring protocols attached above? <input checked="" type="radio"/> Yes <input type="radio"/> No
10.4a. Closing Findings Procedures: If no describe state procedures for addressing eligible entity findings/deficiencies, and documenting the closure of findings.

10.6. Reporting of QIPs: Describe the state's process for reporting eligible entities on QIPs to the Office of Community Services within 30 calendar days of the State approving a QIP
<i>Note: This item is associated with State Accountability Measures 4Sa(iii).</i>
Section 4 of the Kansas CSBG Manual of Policies and Procedures provides information on the CSBG monitoring process, a description of how the results of the monitoring visits are shared with the eligible entities and the process for developing Quality Improvement Plans is in section 4100. As described in the policy and procedures manual, a written summary of the monitoring visit is provided to the eligible entity within 60 days following the visit. Compliance matters are identified in the monitoring report and require an entity's response, which may be a technical assistance plan (TAP) or a Quality Improvement Plan (QIP). The TAP or QIP is due to KHRC within 30 days following the issuance of the report. KHRC reviews and provides a response to the submitted TAP or QIP within 30 days of its receipt. The CSBG Program Manager will notify the Office of Community Services (OCS) within 30 days of the acceptance of a QIP (Kansas CSBG Manual of Policies and Procedures, section 4106). Unless otherwise specified, this notification to OCS will be an email sent by the CSBG Program Manager to the OCS Program Specialist. Eligible entities with active QIPs provide the CSBG Program Manager quarterly updates regarding their progress toward achieving the QIP. Once all of the compliance matters within the QIP have successfully been resolved and the QIP has been closed, the CSBG Program Manager will notify the OCS Program Specialist.
10.7. Assurance on Funding Reduction or Termination: The state assures,"that any eligible entity that received CSBG funding the previous fiscal year will not have its funding terminated or reduced below the proportional share of funding the entity received in the previous fiscal year unless, after providing notice and an opportunity for a hearing on the record, the State determines that cause exists for such termination or such reduction, subject to review by the Secretary as provided in Section 678C(b)" per Section 676(b)(8). <input checked="" type="radio"/> Yes <input type="radio"/> No
<i>Note: This response will link with the corresponding assurance under item 14.8.</i>

10.10. Eligible Entity Re-designation: Does the State CSBG statute and/or regulations provide for re-designation of an existing eligible entity? <input type="radio"/> Yes <input checked="" type="radio"/> No
10.10a. Re-Designation Citation: If Yes, provide the citation(s) of the law and/or regulation.
10.10b. Re-Designation Procedures: If no, describe state procedures for re-designation of existing eligible entities and how the procedures were made available to eligible entities and the public.
The state follows the procedures described in Section 676A of the Coats Human Services Reauthorization Act of 1998 (CSBG Act) and CSBG Information Memorandum 116 for the re-designation of eligible entities.
Fiscal Controls and Audits and Cooperation Assurance
10.11. Fiscal Controls and Accounting: Describe how the state's fiscal controls and accounting procedures will a) permit preparation of the SF-425 Federal fiscal reports (FFR) and b) p

ermit the tracing of expenditures adequate to ensure funds have been used appropriately under the block grant, as required by Block Grant regulations applicable to CSBG at 45 CFR 96.30(a).

KHRC has policies and procedures and financial controls in place that provide for the segregation of duties and, in many cases, redundancies that ensure accurate CSBG financial records and compliance with Federal grant requirements. 1) The SF-425 Federal fiscal report requires information regarding grant funds received, disbursed, on hand, obligated and unliquidated. In addition, information about program income earned and expended is required. This information is tracked by the accounting software and a project cost module used by KHRC. The accounting software reports are balanced monthly with information from the HHS Division of Payment Management as well as against reports from sub-recipients. This ensures accurate information is available for use in the preparation of the SF-425 Federal fiscal report. Submission of the report is accomplished by way of the HHS On-Line Data Collection (OLDC) system. OLDC requires the involvement of multiple individuals each of whom verifies the accuracy of report information prior to submission. Hard copy documentation supporting the submission is maintained electronically by the Division Director, CSBG Program Manager, and Fiscal Monitor. 2) Grant expenditures are traceable through KHRC's accounting software back to hard-copy, source documentation maintained by KHRC's Finance Division. Source documentation demonstrates that transactions are Federally allowable and in compliance with applicable grant requirements.

10.12. Single Audit Management Decisions:

Describe state procedures for issuing management decisions for eligible entity single audits, as required by Block Grant regulations applicable to CSBG at 45 CFR 75.521.

Note: This information is associated with State Accountability Measure 4Sd.

The Kansas CSBG Policy and Procedure Manual guides eligible entities to provide a courtesy notification of their annual Single Audit submission to the Federal Audit Clearinghouse within 30-days of submission. That notification of submission prompts a review of the Single Audit report. KHRC's Finance Division leads and documents the review of each Single Audit annually. Single Audit Reports are revisited by CSBG staff during monitoring and at the time of annual refunding application. This redundancy serves as a check to the Finance Division's timely release of the management decision. The process continues as reports are received. Additionally, an Audit Certification is required of each eligible entity during the refunding application submission. For those subject to a Single Audit, the Audit Certification asks for the audit schedule. As an added measure, sub-recipient board meeting minutes are monitored.

10.13. Assurance on Federal Investigations:

The state will "permit and cooperate with Federal investigations undertaken in accordance with Section 678D" of the CSBG Act, as required by the assurance under Section 676(b)(7) of the CSBG Act. Yes No

Note: This response will link with the corresponding assurance, Item 14.7.

10.14. Performance Management Adjustment:

Describe any adjustments the state made to monitoring procedures in this State Plan as compared to past plans. Any adjustment should be based on the state's analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any adjustments, provide further detail.

Note: This item is associated with State Accountability Measure 4Sb and may pre-populate the state's annual report form.

KHRC subscribes to Community Software Group's (CSG) Organizational Standards web-based system. KHRC requires eligible entities to upload and submit all standards documentation annually by March 31. KHRC then reviews documentation for compliance for each standard for each eligible entity. Since the implementation of CSG in FY2018, KHRC no longer conducts on-site initial assessments of the organizational standards in conjunction with on-site monitoring visits. ACSI survey and other eligible entity comments recommend that KHRC continue to look for opportunities to eliminate duplicate information. KHRC will carefully analyze documentation uploaded to CSG as compared to documentation requested for on-site monitoring visits to eliminate the duplication of documentation.

Section 11: Eligible Entity Tripartite Board

Tripartite Board Representation Assurance: Describe how the state will verify that eligible entities have policies and procedures by which individuals or organizations can petition for adequate representation on an eligible entity's Tripartite Board as required by the assurance under Section 676(b)(10) of the CSBG Act	
<i>Note: This response will link with the corresponding assurance, item 14.10.</i>	
The Kansas CSBG Policy and Procedure Manual (Section 6300) guides eligible entities to establish procedures within their bylaws for adequate representation of each Tripartite Board. In addition, KHRC reviews each entity's by-laws annually during standards review and/or during regular on-site monitoring visits to assure this requirement is met.	
11.4. Tripartite Board Alternative Representation: Does the state permit public eligible entities to use, as an alternative to a Tripartite Board, "another mechanism specified by the state to assure decision-making and participating by low income individuals in the development, planning, implementation, and evaluation of programs" as allowed under Section 676B(b)(2) of the CSBG Act. <input checked="" type="radio"/> Yes <input type="radio"/> No	
11.4a. Tripartite Board Alternative Mechanism: If yes, describe the mechanism used by public eligible entities as an alternative to a Tripartite Board.	
Kansas has one public eligible entity, by statute, an alternative for this entity is an Administering Board. (CSBG Policy and Procedure Manual - Section 6101)	

Section 12: Individual and Community Eligibility Requirements

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES Administration for Children and Families Community Services Block Grant (CSBG)	Form Approved OMB No: 0970-0382 Expires:06/30/2021
SECTION 12 Individual and Community Income Eligibility Requirements	
12.1. Required Income Eligibility: Provide the income eligibility threshold for services in the state. <i>[Check one item below.]</i>	
<input checked="" type="radio"/> 125% of the HHS poverty line <input type="radio"/> X% of the HHS poverty line (fill in the threshold) <input type="radio"/> Varies by eligible entity	
0%	% <i>[Response Option: numeric field]</i>
12.1a. Income Eligibility Policy and Procedures: Describe any state policy and/or procedures for income eligibility, such as treatment of income and family/household composition.	
The Kansas CSBG Policy and Procedure Manual (Section 8000) thoroughly describes eligibility and consistency among each eligible entity. Section 8001 specifies entities shall develop and implement written standards of operation, including program policies and procedures, to govern programs operated in whole or part with CSBG funds. Eligible entities shall, on submission of the annual refunding application, ensure that KHRC is provided a current, dated copy of the approved program policies and procedures. Section 8002, provides a list of what should be included in the program and procedures developed by the eligible entity. Item B in section 8002, specifies that the program policies and procedures shall include the eligibility criteria, including the income verification period, income guidelines, eligibility period and residency verification procedures and criteria. Section 8004, Items A-E provides guidance to the eligible entities on verification of family income and provides a detailed description of what shall be included when determining family income. As noted in this section, family income means total cash receipts before taxes from all sources, with the exceptions noted within the section. Income includes money wages or salary before deductions and net income from non-farm self-employment. Tax refunds are excluded when determining family income. The poverty guideline must be followed when providing material aid by programs operated solely with CSBG funds. The poverty guideline is not a consideration when non-consumer-specific, community development activities are undertaken to alleviate the causes and effects of poverty. The timeframes used for determining income verification vary between eligible entities. Generally, the timeframes are not less than 3 months and no more than 12 months. During the annual CSBG monitoring visits, the CSBG Program Manager reviews the eligible entity's compliance with the established income verification process.	
12.2. Income Eligibility for General/Short-Term Services: Describe how the state ensures eligible entities generally verify income eligibility for those services with limited in-take procedures (where individual income verification is not possible or practical). An example of these services is emergency food assistance.	
The Kansas CSBG Policy and Procedure Manual (Section 8004) allows for eligible entities to use a self-declaration of income with client signature, as a method of last resort for a clients unable to provide other income verification methods. Applicants with no income must declare so in writing. Each of the eligible entities have incorporated this language in their income verification procedures. During the annual CSBG monitoring visits, the CSBG Program Manager reviews the eligible entity's compliance with the established income verification process.	
12.3. Community-targeted Services: Describe how the state ensures eligible entities' services target and benefit low-income communities for services that provide a community-wide benefit (e.g., development of community assets/facilities, building partnerships with other organizations).	
The state ensures eligible entity services target and benefit low-income communities that benefit entire communities by engagement and monitoring with all CSBG activities including but not limited to Community Needs Assessments, Strategic Plans, Community Action Plans, Organizational Standards compliance, Tripartite Boards, Linkages, and overall income eligibility requirements as outlined above in 12.1 and 12.3.	

Section 13: Results Oriented Management and Accountability (ROMA) System

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES Administration for Children and Families Community Services Block Grant (CSBG)	Form Approved OMB No: 0970-0382 Expires:06/30/2021
SECTION 13 Results Oriented Management and Accountability (ROMA) System	
13.1. Performance Management System: Identify the performance measurement system that the state and all eligible entities use, as required by Section 678E(a) of the CSBG Act and the assurance under Section 676(b)(12) of the CSBG Act.	
<i>Note: This response will also link to the corresponding assurance, Item 14.12. and will pre-populate the Annual Report, Module 1, Item I.1.</i>	
<input checked="" type="radio"/> The Results Oriented Management and Accountability (ROMA) System	
<input type="radio"/> Another performance management system that meets the requirements by Section 678E(b) of the CSBG Act	
<input type="radio"/> An alternative system for measuring performance and results	
13.1a. ROMA Description: If ROMA was chosen in Item 13.1, describe the state's written policies, procedures, or guidance documents on ROMA.	
The Kansas Community Action Network developed the KanDo! ROMA Taskforce many years ago. The KanDo! ROMA Taskforce is comprised of members from the eight Community Action Agencies, KACAP, and KHRC. The KanDo! ROMA Plan was developed by the Task Force as a fluid document that can be revised as needed to keep the network current with all national and state reporting requirements. It provides a uniform understanding of the national goals, performance indicators, expectations for the use of data for performance management, and details regarding quarterly and annual reporting of customer demographics and outcomes. The Kansas CSBG Policy and Procedure Manual (Section 6501) requires entities to have a documented process that ensures initial and continued ROMA training for each entity Board of Directors.	
13.1b. Alternative System Description: If an alternative system was chosen in Item 13.1, describe the system the state will use for performance measurement.	
(Empty)	
13.2. Outcome Measures: Indicate and describe the outcome measures the state will use to measure eligible entity performance in promoting self-sufficiency, family stability, and community revitalization, as required under Section 676(b)(12) of the CSBG Act.	
<i>Note: This response will also link to the corresponding assurance, Item 14.12.</i>	
<input checked="" type="checkbox"/> CSBG National Performance Indicators (NPIs)	
<input type="checkbox"/> NPIs and others	
<input type="checkbox"/> Others	
Kansas uses the National Performance Indicators to measure eligible entities' performance in promoting self-sufficiency, family stability, and community revitalization. KHRC encourages eligible entities to list other indicators if the NPIs do not capture the outcomes the eligible entity is trying to capture. Eligible Entities use the NASCSP Smart Forms (Excel Workbook) to track outcomes for Modules 2, 3, and 4. Eligible entities submit the Smart Form (Excel Workbooks) Module 2 and 3 to KHRC annually and Smart Form Module 4 cumulative quarterly. In addition to Module 4 cumulative quarterly reports, eligible entities submit a narrative report quarterly. Following each submission of the quarterly report forms (Module 4 and the narrative report), KHRC offers a video conference with the eligible entity to review data. Eligible Entities are required to submit an annual refunding application that includes the Community Action Plan, logic models, and performance targets. Performance toward the outcome measures and the agency's targeting accuracy is reviewed following the submission of the quarterly report forms and after the submission of the annual report forms. Performance is also examined during the on-site CSBG Monitoring visits.	
13.3. Eligible Entity Support: Describe how the state supports the eligible entities in using the ROMA or alternative performance measurement system.	
<i>Note: The activities described under Item 13.3 may include activities listed in "Section 8: State Training and Technical Assistance." If so, mention briefly, and/or cross-reference as needed. This response will also link to the corresponding assurance, item 14.12.</i>	
KHRC deploys multiple strategies to support the Eligible Entities in using ROMA. These strategies include: 1. Quarterly meetings of the KanDo! Task Force. The Task Force is comprised of representatives from each of the eligible entities. Discussion topics at Task Force meetings typically include strategies for executing the complete ROMA cycle, reporting essentials, software concerns and challenges and needs and methods for data authentication. KHRC offers each eligible entity the opportunity to review their data after each submission of the quarterly Module 4 and narrative reports. These calls provide an opportunity for KHRC and the eligible entity to review the data together and discuss any data issues they may be encountering. 3. The development and annual update of a KanDo! Plan provides the entire Kansas Network with a uniform understanding of the national goals and performance indicators, expectations for the use of the data for performance management, and detail regarding quarterly and annual reporting of customer demographics and outcomes. 4. The review of performance targets established within the Community Action Plan and the tracking of progress toward those targets, quarterly and over time. 5. Application instructions provide detailed guidance related to the Community Needs Assessment and the preparation of the annual Community Action Plan.

Note: The state describes this assurance in the state linkages and communication section, item 9.7.

A strength of the Kansas Network is the ability of the entities to use their CSBG dollars to leverage additional public and private resources to target to achieve outcomes within the framework of the three national goals. In addition to the direct services provided for low-income families and communities, CSBG resources are used to support the infrastructure of Kansas Eligible Entities. This coordinated and comprehensive approach to mitigating the causes and effects of poverty pursued by Kansas entities requires sound systems of governance and of fiscal and personnel management. CSBG funds allow Kansas CSBG Eligible Entities to develop and maintain these essential systems. The resulting accountability and capacity enable Kansas agencies to access, or leverage, additional public, and private resources to further their direct service efforts. According to the FFY 2019 State CSBG Facts Sheet published by NASCSP at <https://nascsp.org/wp-content/uploads/2021/04/Kansas.pdf>, Kansas eligible entities reported for every \$1 of CSBG, Kansas eligible entities leveraged \$8.45 from federal, state, local, and private sources, including the value of volunteers.

Eligible Entity Innovative Community and Neighborhood Initiatives, Including Fatherhood/Parental Responsibility

14.3d. 676(b)(3)(D) Describe "how the local entity will use the funds [made available under Section 675C(a)] to support innovative community and neighborhood-based initiatives related to the purposes of this subtitle, which may include fatherhood initiatives and other initiatives with the goal of strengthening families and encouraging parenting."

Note: The description above is about eligible entity use of 90 percent funds to support these initiatives. States may also support these types of activities at the local level using State remainder/discretionary funds, allowable under Section 675C(b)(1)(F). In this State Plan, the State indicates funds allocated for these activities under item 7.9(f).

Annually, each Kansas eligible entity provides the State with a statement signed by both the executive director and the board chair assuring that it will use CSBG funds for projects responsive to the Section 676(b)(1)(A) of the CSBG Act. Annually, each Kansas eligible entity provides the State with a statement signed by both the executive director and the board chair assuring that it will use CSBG funds for projects responsive to the Section 676(b)(4) of the CSBG Act. <i>Note: The state describes this assurance in the Eligible Entity Tripartite Board section, 11.3.</i>

15.2. CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need to be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or state highway department while in operation, state employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
