Community Services Block Grant (CSBG) programs are the first to respond to critical needs in their communities. Community Action Agencies, funded in part by CSBG, are on the front line in the fight against poverty. In times of crisis, they serve the most vulnerable populations.

CSBG funds are used for more than just alleviating the effects of poverty. These community-based solutions end the cycle of poverty by helping individuals become self-sufficient. CSBG programs are giving new hope to communities and helping them with their journey to home.

Community Services Block Grants are a smart way to invest in community improvement.

FOR EVERY $1 OF CSBG FUNDING,
Community Action Agencies in Kansas leveraged an additional $8.45 to assist individuals and families in the fight against poverty.
Eliminating poverty’s effects by eliminating its causes
