(B) for qualified housing projects located in a county with a population of more than 8,000 but not more than 25,000, in an amount not to exceed \$32,000 per residential unit; and

(C) for all other qualified housing projects, in an amount not to exceed \$30,000.

(2) A qualified housing project shall be limited to a total of 40 such residential units per year for both single-family and multi-family dwellings.

(3) Tax credits may be issued to a qualified investor in the amount of a cash investment of up to the total amount that may be issued by the director under this subsection for the qualified housing project, or as provided in the agreement required by section 9, and amendments thereto. Project builders or developers may apply to the director each year for tax credits for additional units or phases of a project. Qualified investors may be issued tax credits for cash investments in multiple qualified housing projects. Project builders or developers may apply and be approved for multiple qualified housing projects in the same tax year.

(4) The aggregate amount of tax credits that may be issued under this section shall not exceed \$13,000,000 each tax year, except that if the director issues an aggregate amount of tax credits in one tax year that is less than \$13,000,000, then the director may carry forward the difference and issue such amount of tax credits in the immediately succeeding tax year in addition to the statutory amount that may be issued under this section. Of the aggregate amount of tax credits issued in one tax year, the director shall allocate:

(A) Not less than \$2,500,000 in tax credits for qualified housing projects located in counties with a population of not more than 8,000;

(B) not less than \$2,500,000 in tax credits for qualified housing projects located in counties with a population of more than 8,000 but not more than 25,000; and

This interest may be transferred to any person whether or not such person is then a qualified investor and be claimed by the transferee as a credit against the transferee's Kansas tax liability in the same manner as the transferor beginning in the year the credit is transferred. The credit may be carried forward as permitted by subsection (a). No person shall be entitled to a refund for any interest on such tax credit that may be created under this section. Only the full amount of the tax credit for any one qualified housing project investment may be transferred and may only be transferred one time. A credit acquired by transfer shall be subject to the limitations prescribed in this section. Documentation of any credit acquired by transfer shall be provided by the taxpayer claiming such credit in the manner required by the secretary of revenue. The qualified investor transferring such credit shall provide the director and the secretary of revenue with the name, address and taxpayer identification number of each person to whom tax credits have been transferred and such other information as may be required by the director or the secretary of revenue.

(e) The secretary of revenue may adopt rules and regulations as necessary to implement and administer the provisions of this act.

New Sec. 11. (a) If the director determines that a project is not in substantial compliance with the requirements of this act or the

agreement executed pursuant to section 9, and amendments thereto, the director shall inform the project builder or developer of the project in writing that the project will lose designation as a qualified housing project in 120 days from the date of mailing of the notice unless such builder or developer corrects the deficiencies and becomes compliant with the requirements for designation.

(b) At the end of such 120-day period, if the project is still not in substantial compliance, the director shall send a notice of loss of designation to the project builder or developer, the secretary of revenue and all known qualified investors in the project. Loss of designation of a qualified housing project shall preclude the issuance of any additional tax credits with respect to the project, and the director shall not approve any subsequent application for such project as a qualified housing project. Upon loss of the designation as a qualified housing project, the project builder or developer shall repay any tax credits such taxpayer has claimed.

(c) Qualified investors other than the project builder or developer who have lawfully made a cash investment in a qualified housing project approved by the director shall not have tax credits disallowed solely due to the project losing its designation as a qualified housing project under this act.

New Sec. 12. (a) On or before January 31, 2023, and on or before January 31 of each year thereafter, the director shall transmit a report annually to the governor, the standing committee on commerce of the senate and the standing committee on commerce, labor and economic development of the house of representatives. Such report shall be based upon information received from each qualified housing project for which tax credits have been issued during the preceding year and shall describe the following:

(1) The manner in which the purpose, as described in this act, has been carried out;

(2) the total cash investments made for qualified securities in qualified housing projects during the preceding year and cumulatively since the enactment of this act;

An additional tax credit of 10% of the costs and expenses may be allowed for the installation of fire suppression materials or equipment by a taxpayer. The total amount of such costs and expenses shall be at least

\$25,000 but shall not exceed \$500,000. If the amount of such tax credit exceeds the taxpayer's income, privilege or premium tax liability for the year in which the rehabilitation was completed, such excess amount may be carried over for deduction from such taxpayer's income, privilege or premium tax liability in the next succeeding year or years until the total amount of the credit has been deducted from tax liability, except that no such credit shall be carried over for deduction after the 10th taxable year succeeding the taxable year in which the rehabilitation plan was placed in service.

Credits granted to a partnership, a limited liability company taxed as a partnership or other multiple owners of property shall be passed through to the partners, members or owners respectively pro rata or pursuant to an executed agreement among the partners, members or owners documenting any alternate distribution method.

(d) Any person, hereinafter designated the assignor, may sell, assign, convey or otherwise transfer tax credits allowed and earned pursuant to subsection (a). The taxpayer acquiring credits, hereinafter designated the assignee, may use the amount of the acquired credits to offset up to 100% of the assignee's income, privilege or premium tax liability for either the taxable year in which the costs and expenses were made. Unused credit amounts claimed by the assignee may be carried forward for up to five years, except that all such amounts shall be claimed within 10 years following the tax year in which the costs and expenses were made. The assignor shall enter into a written agreement with the assignee establishing the terms and conditions of the agreement.
