

Kansas Homeowner Assistance Fund (KHAF) Program Fact Sheet

The [Kansas Homeowner Assistance Fund](#) (KHAF) Program is administered by the Kansas Housing Resources Corporation (KHRC). Funds come from the U.S. Department of Treasury, established under section 3206 of the American Rescue Plan Act of 2021. The Program helps eligible homeowners in the form of assistance for reinstatement of delinquent payments, monthly mortgage payments, property charges (including property taxes and homeowner's association (HOA) fees) and unbundled utility/broadband assistance.

The program's goal is to aid homeowners in avoiding foreclosure by assisting with homeownership related expenses. Your lender/servicer's agreement to participate is required, since mortgage assistance is provided directly to lender/servicer and/or service provider on the homeowner's behalf.
