CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The State continues to focus Community Development Block Grant (CDBG) resources on public water and wastewater infrastructure, community public facilities, housing, and economic development, with the express purpose of assisting businesses with job creation. In addition, the State maintains small set-asides for urgent need activities and downtown commercial rehabilitation projects. The State is on target to obligate all FY25 CDBG funds to local governments carrying out these activities. During the program year, 8 commercial building rehabilitation projects and 33 housing rehabilitation projects were completed, serving a total of 81,605 beneficiaries through Community Facilities and water and sewer projects.

The HOME Program served 49 households with their First Time Homebuyer Program, TBRA served 511 households, and the Rental Program developed 11 newly constructed units. Housing Trust Fund (HTF) completed 31 new construction and 17 rehabilitated units.

The HOPWA Program provided housing assistance to 216 clients. The program helped 58 of these clients transition from homelessness into secure housing. Overall, the program reached 3299 different individuals, including the family members of the clients who Kansas Care Through Housing (KCTH) served. The HOPWA Program provided supportive services to 554 individuals, which included 407 clients and their family members. The supportive services are crucial to clients outside of just housing assistance, as many areas around the state lack the necessary resources to provide these services.

In 2025, ESG funding was provided to ten (10) emergency shelters and eight (8) emergency shelters for victims of domestic violence. The overnight emergency shelters served 1,470 households consisting of 2,037 persons. ESG funding was provided for two day shelters that served 227 households consisting of 269 persons. In total, the emergency shelters funded by ESG served 2,306 persons. Street outreach projects assisted a total of 501 households consisting of 531 persons. Rapid Rehousing projects served 194 households consisting of 315 persons. Homeless Prevention projects served 81 households consisting of 237 households.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual

outcomes/outputs, and percentage completed for each of the grantee’s program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete
Commercial Rehabilitation		CDBG: \$	Facade treatment/business building rehabilitation	Business	25	14	56.00%	8	8	100.00%

------------------------------	------------------------------	----------	---	------------------	-------	-------	---------	------	-------	---------

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

Commerce continues to focus CDBG resources on public water and wastewater infrastructure, community public facilities, downtown commercial rehabilitation, housing rehabilitation, and economic development activities that support job creation. A small portion of funding is reserved for Urgent Need projects. The State remains on track to obligate all Fiscal Year 2025 CDBG funds to eligible local governments.

CAPER accomplishment data reflects units completed between January 1, 2025, and December 31, 2025. The program continues to demonstrate strong performance in Community Facilities, Water/Sewer infrastructure, Commercial Rehabilitation, and Housing activities. Economic Development and Public Services participation was lower than projected; these program areas will be reevaluated to better align targets with demand, project timelines, and program capacity.

Reported performance units are associated with projects funded under the 2024–2028 Consolidated Plan and the 2025 Action Plan. Differences in project completion timing and IDIS reporting may cause annual “expected” values to appear inconsistent with actual multi-year project progress.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).
91.520(a)

Describe the families assisted (including the racial and ethnic status of families assisted 91.520(a))

	CDBG	HOME	HOPWA	HTF
Race:				
White	1240	468	127	22
Black or African American	14	83	89	9
Asian	3	5	0	0
American Indian or American Native	3	5	0	0
Native Hawaiian or Other Pacific Islander	0	2	0	1
Total	1260	563	216	32
Ethnicity:				
Hispanic	13	49	30	1
Not Hispanic	1247	522	186	31

Describe the clients assisted (including the racial and/or ethnicity of clients assisted with ESG)

	Number of clients
American Indian, Alaska Native, or Indigenous	95
Asian or Asian American	19
Black, African American, or African	598
Hispanic/Latina/e/o	125
Middle Eastern or North African	1
Native Hawaiian or Pacific Islander	20
White	2046
Multiracial	318
Client doesn't know	48
Client prefers not to answer	0
Data not collected	105
Total	3375

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

Due to information missing and / or refusal to supply the above information, some of the numbers may not add correctly. Additionally when gathering information, the additional category of "Multi-Racial" is included but not accounted for in the table above for reporting.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	14,901,309	12,056,919.60
HOME	public - federal	6,030,622.47	5,304,868.49
HOPWA	public - federal	806,986	800,000
ESG	public - federal	1,653,121	1,525,479.41
HTF	public - federal	3,134,373.20	2,526,548.03

Table 3 - Resources Made Available

Narrative

Please note that the Resources Made Available above may not include other funding years that may have been carried forward.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description

Table 4 – Identify the geographic distribution and location of investments

Narrative

These programs are intended to assist on a statewide basis, so there are no designated target areas.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The HOME program granted \$1,033,019 to 49 first-time homebuyers, which leveraged \$5,540,715 in private mortgage funds. Rental development expended \$2,250,000 in HOME and \$6,779,000 in HTF, together leveraging \$113,872,562. The HOME program raised \$935,980.09 in non-federal matching funds.

Below under HOME Match, the reporting year is the Federal Fiscal Year 2025. Therefore, the timeframe is 10/01/2024 to 09/30/2025, which is different from the CAPER reporting period of 01/01/2025 to 12/31/2025.

Fiscal Year Summary – HOME Match	
1. Excess match from prior Federal fiscal year	15,511,910
2. Match contributed during current Federal fiscal year	935,980
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	16,447,890
4. Match liability for current Federal fiscal year	3,550,908
5. Excess match carried over to next Federal fiscal year (Line 3 minus Line 4)	12,896,982

Table 5 – Fiscal Year Summary - HOME Match Report

Match Contribution for the Federal Fiscal Year								
Project No. or Other ID	Date of Contribution	Cash (non-Federal sources)	Foregone Taxes, Fees, Charges	Appraised Land/Real Property	Required Infrastructure	Site Preparation, Construction Materials, Donated labor	Bond Financing	Total Match

Cost	0	0	0	0	0	0

Table 10 – Relocation and Real Property Acquisition

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	225	385
Number of Non-Homeless households to be provided affordable housing units	408	186
Number of Special-Needs households to be provided affordable housing units	125	156
Total	758	727

Table 11 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	700	511
Number of households supported through The Production of New Units	28	11
Number of households supported through Rehab of Existing Units	30	0
Number of households supported through Acquisition of Existing Units	30	49
Total	788	571

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The above numbers mostly exceeded set goals. There was less new unit production and acquisition/rehab of rental units. Acquisition of existing units represents those served in the First Time Homebuyer Program, exceeding the set goal.

Earlier in Consolidated Plan reporting, there was a tight housing market and sellers were not considering extra contingencies on home contracts for purchase. Currently, a shortage in available housing, high prices, and high-interest rates keep participation in this program low.

Rental rehabilitation is on target for production over the 5 year plan period although it fell short in the current year.

Discuss how these outcomes will impact future annual action plans.

When developing the next 5 Year Consolidated Plan, goals reported in the current plan will be reviewed. The production of rental units may need to be reduced and FTHB may need to be increased, depending upon funding.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual	HTF Actual
Extremely Low-income	10	446	48
Low-income	8	74	
Moderate-income	13	51	
Total	31	571	

Table 13 – Number of Households Served

Narrative Information

Same as in previous year reports, extremely low-income households are the highest-served population in the HOME Program (primarily in TBRA) and the National Housing Trust Fund.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)
Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

In 2021, the Kansas Balance of State Continuum of Care implemented a coordinated entry process to connect persons experiencing homelessness to needed resources. The goal for the implementation of the coordinated entry system in the BoS CoC was to establish a BoS CoC wide approach to match individuals and families experiencing homelessness with services and housing to reduce the number of persons experiencing homelessness in the BoS CoC. A Coordinated Entry Committee was developed to oversee the CES, develop policies and procedures for implementation of a BoS CoC wide system and to develop training and guidance document. Regional Coordinated Entry Teams were established in each of the BoS CoC regions. While the Coordinated Entry process was established in 2021, the process is ongoing and was utilized during this Consolidated Plan timeline. The Regional Coordinated Entry Teams review a Master list of clients that have been prioritized for their respective regions. The prioritization of all people is based on a common assessment, the CES Assessment. All regions of the Balance of State CoC utilize this tool for the Coordinated Entry assessment.

Addressing the emergency shelter and transitional housing needs of homeless persons

In 2025, ESG funding was provided to ten (10) emergency shelters and eight (8) emergency shelters for victims of domestic violence. The overnight emergency shelters served 1,470 households consisting of 2,037 persons. ESG funding was provided for two day shelters that served 227 households consisting of 269 persons. In total, the emergency shelters funded by ESG served 2,306 persons. Street outreach projects assisted a total of 501 households consisting of 531 persons. Rapid Rehousing projects served 194 households consisting of 315 persons. Homeless Prevention projects served 81 households consisting of 237 households

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

KDADS Boundary Spanners: KDADS has now funded 3 Crisis Housing Boundary Spanners covering 103 counties across the state with negotiations beginning in the last 2 counties. 219 individuals with serious mental illness and/or co-occurring impairments were referred to the KDADS Crisis Housing/Boundary

Spanner in efforts to combat Homelessness.

Expanded KDADS staffing: Kansas Department for Aging and Disability Services (KDADS) expanded its staff in the form of a Housing First Project Coordinator, Olmstead Navigators, Destination HOME Program Manager (hired by the Kansas Statewide Homeless Coalition). These additional positions will provide crucially needed help to further and execute existing initiatives across the state.

CCBHC Initiation: The transition of the state’s Community Mental Health system to the Certified Community Behavioral Health Clinic (CCBHC) operational model will significantly enhance the state’s mental health care system. Implementing this transition has been a significant undertaking and accomplishment on behalf of KDADS, the state of Kansas, and the network of CMHC’s.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

<u>Number of Beds – Rehabbed</u>	<u>1 unit</u>
<u>Number of Beds – Conversion</u>	<u>0 units</u>
<u>Total Number of bed-nights available</u>	<u>238,710 units</u>
<u>Total Number of bed-night provided</u>	<u>142,350 units</u>
<u>Capacity Utilization</u>	<u>25%</u>

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

As the state housing finance agency, KHRC does not manage or oversee funds to any of the Public Housing Authorities throughout the state. We will continue to work with the Public Housing Authorities to house Kansas's low-income households to the extent that our HOME Funds allow.

In 2025, KHRC continued to administer the Project Based Contract Administration (PBCA) contract for the State of Kansas. As the PBCA, our organization administers the Housing Assistance Payment (HAP) contract for the 224 HUD properties and 10,893 units in our portfolio. HUD elected to extend the Annual Contributions Contract (ACC) with KHRC beginning February 1, 2025, and ending on January 31, 2026. The current ACC provides HUD the option to renew the ACC in 6-month increments until January 31st, 2028. HUD exercised the option to extend the through July 31, 2026. KHRC anticipates HUD will continue to extend the current ACC as allowed by the current ACC amendments.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

In 2024, a database of e-mail addresses was developed from HUD's list of PHAs for the state of Kansas. A first-time homebuyer flyer has been sent to the PHAs annually, requesting they post in a public place for their tenant's information.

Actions taken to provide assistance to troubled PHAs

KHRC does not own or operate assisted housing units directly. For those PBCA properties within our portfolio, KHRC's Contract Administration division acts as a liaison between the residents and management companies. As a liaison KHRC staff encourages communication between all interested parties to ensure that resident input is considered and access to management is improved.

KHRC reached out to the Public and Indian Housing division at the Kansas City Kansas HUD office to request their distressed property list in 2024 and no list was provided to KHRC.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

KHRC supports applications for funding that demonstrate state and local support of projects through waiver of fees, exemption of sales and property taxes, and consideration of zoning or planning flexibility to accommodate needed affordable housing development. Developers are encouraged to pursue sources of eligible match from these contributions. KHRC continues to rely on the 2021 statewide housing needs assessment when housing developing strategies and programs. KHRC will look to augment the 2021 document by obtaining a limited scope statewide housing needs update.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

KHRC prioritizes, through scoring incentives, applications for funding that target underserved needs including very low and extremely low income households, households with special needs including disabilities, the creation of units to serve homeless individuals and families, and the development of affordable housing in rural areas where rates of poverty and substandard housing are higher. Application scoring also reflect priorities for development activities that preserve existing affordable housing, and that effectively leverage funding with other sources such as LIHTC. KHRC directs approximately 35-40% of its HOME allocation to Tenant Based Rental Assistance programs which primarily serve very low income and extremely low income households; with priority for those that serve higher numbers of homeless or special needs families and individuals.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

KHRC and the CDBG program have Lead Based Paint Policies and Procedures for rehabilitation activities, consistent with enforcing the HUD Lead Safe Housing Rule at 24 CFR Part 35, and the State of Kansas Lead-Based Paint Renovation, Repair and Painting Rule which is administered by the Kansas Department of Health and Environment. Additionally, KHRC's Weatherization Program follows Lead Based Paint Policies and Procedures.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The State of Kansas has a range of anti-poverty and jobs programs administered by state agencies other than those contributing to the Consolidated Plan. Housing development and CDBG programs create and support employment opportunities related to those activities, and indirectly relieve the financial stress on low income families by providing safe, affordable and energy efficient housing. KHRC also receives Community Services Block Grant funds for the eight statewide Community Action Agencies. These agencies prioritize the prevention of poverty and work to address its root causes in communities.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The Kansas Department of Commerce, Kansas Department of Health and Environment, and Kansas Housing Resources Corporation partner with various state and federal agencies to collectively meet the needs of eligible communities and households in the State of Kansas. KHRC also holds an annual housing conference with many sessions to develop capacity.

Commerce, Kansas Housing, USDA Rural Development, and Federal Home Loan Bank meet with communities to discuss their interest in housing programs.

Additionally, Rural Prosperity Grants 101 workshops have been held across the state in the past few years. Presentations from Commerce, KHRC, Rural Development, and Kansas Statewide Homeless Coalition present to community stakeholders to inform them of the programs offered.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

KHRC has extensive mailing and email contact lists for housing developers, management companies, nonprofit housing and social service entities, Community Housing Development Organizations, Community Action agencies, and local government entities. KHRC sponsors a housing search website, as well as sponsoring an annual statewide housing conference. Additionally, the State of Kansas issued 32 Certifications of Consistency with the Kansas Consolidated Plan in 2025.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

Owners and managers of properties funded by KHRC are required to submit an AFFHM plan for projects of five or more units. The plans are reviewed during periodic monitoring, including an accounting of Fair Housing activities and requests for modifications or accommodations. Where potentially underserved populations exist due to language barriers, management must account for marketing efforts. Fair Housing is included in ongoing training for property managers and frequently as part of the annual state housing conference sponsored by KHRC. The Fair Housing Tracking Sheet for 2024 is in the attachments.

In response to the analysis of impediments to fair housing choice, the HOPWA Program re-printed a brochure showing that underreporting of violations is largely due to a lack of education. One hundred brochures were distributed throughout the State to clients through Ryan White medical case managers. The brochure, "Questions and Answers About The Fair Housing Act" identifies violations clients might encounter and provides information on how to report violations.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

KHRC's Housing Compliance Division performs compliance monitoring of HOME and NHTF rental projects. Compliance staff reviewed and satisfactorily closed 111 HOME and 32 NHTF annual reports. One HOME report was not received, and a non-compliance notice was issued. The reports covered the 2024 calendar year and were due to KHRC by 5/15/2025.

The reports include a State owner's certification of continued program compliance, identification of board members (when applicable), utility allowance calculations with proof of methodology, the Affirmative Fair Housing Marketing Plan (when applicable), financial statements (when required), along with tenant qualification information (i.e., household income and student status).

KHRC reviews current rent amounts charged immediately following the publication of the income and rent limits each year. Additionally, KHRC requests information on proposed rent increases to determine if they are reasonable and compliant with the newly published limits.

As of 1/1/2025, tenant data reported to KHRC for NHTF rental projects changed. Instead of receiving the information on a spreadsheet, the household's information is entered into a secure software portal, which has been used for HOME rental reporting for several years. This update has made reporting to KHRC more consistent for these two programs.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The Kansas Housing Resources Corporation (KHRC) published a public notice in the Kansas Register on February 19, 2026. The public notice stated that the Annual Performance Report on the Kansas Consolidated Plan for the program year 2025 was available for the required 15 days of public review and comment from March 9, 2026, through March 23, 2026. The public notice indicated that the Annual Performance Report was available upon request from the KHRC. The notice and the entire Annual Performance Report were also made available on the KHRC website during the comment period. Summarized comments received and the corresponding responses are included in the CAPER attachments.

Issue 08 - 02-19-2026 | Kansas Housing Resources Corporation | Request for Comments on the 2025 Annual Performance Report - Doc. No. 053887

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction’s program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The Kansas Department of Commerce maintained program consistency in 2025, continuing to emphasize the strategic deployment of CDBG funds by prioritizing: (a) maximizing leverage, (b) ensuring long-term sustainability, and (c) maximizing community impact through clearly defined needs and effective solutions. Adjustments were limited to categorical funding allocations, which are informed by public hearings and demonstrated program demand.

Kansas State CDBG allocations in 2025 remained largely consistent with 2024 levels. The program continues implementing revisions outlined in the 2024–2028 Consolidated Plan. Community Facilities projects remain a central focus to improve quality of life for low- and moderate-income residents.

Although CDBG funding dedicated to water and wastewater infrastructure has decreased, these critical needs continue to be addressed through CDBG and other federal and state funding sources, including resources made available through the Bipartisan Infrastructure Law and programs administered by the Kansas Water Office. Based on performance trends observed over the past two years, the State may consider scaling back Economic Development and Public Services allocations in future program years; however, funding levels for 2026 are expected to remain largely unchanged.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-50 - HOME 24 CFR 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in 24 CFR §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

The attached chart includes all projects inspected as required based upon the schedule in 24 CFR §92.504(d). All inspections of HOME and NHTF rental projects were completed as planned and most grants have satisfactory compliance. The results of the physical inspections and tenant file audits for each are provided on the attached chart.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 24 CFR 91.520(e) and 24 CFR 92.351(a)

Each property monitored by KHRC's Housing Compliance Division must provide information detailing what fair housing initiatives were conducted during the year and any upcoming activities that are planned. The attached chart outlines those initiatives and notes what impediment to fair housing it addresses.

KHRC hosted two free fair housing webinars in April 2025. The trainings were presented by U.S. Housing Consultants and had very large attendance. The 3-hour webinar titled "Conquering Fair Housing Compliance" had 628 attendees and the 2-hour webinar titled "Conquering Fair Housing for Maintenance Staff" had 404 attendees.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

Kansas Housing Resources received a total of \$77,294 in program income. The allowable 10% was set aside for administration, or \$7,729. The remaining was committed under the first 2024 activity of TBRA. In 2025, of the 511 served in TBRA, 444 were 0-30% of median income, 62 were 31-50%, and 4 [MS1] were 51-60% of median income. 45 were chronically homeless, homeless families were 34 and homeless individuals were 45. Overall, 156 households were considered special needs.

Describe other actions taken to foster and maintain affordable housing. 24 CFR 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 24 CFR 91.320(j)

Regarding governmental cooperation, KHRC has taken actions to coordinate all housing-related

programs. The Low-Income Housing Tax Credit (LIHTC) program has been coordinated with the HOME Investment Partnerships (HOME) program, the Weatherization program, the national Housing Trust Fund, and U.S.D.A. Rural Development housing programs. The Community Services Block Grant (CSBG) program has addressed the needs of poverty households through Community Action Agencies, many of which have been Community Housing Development Organizations (CHDOs) and/or homeless prevention service providers via the Emergency Solutions Grant (ESG) program. The KHRC distributed information on lead-based paint hazards and mandated lead abatement in all of its housing programs. LIHTC developments also utilize other financing to foster affordable housing in the state including Private Activity Bonds, Historic Tax Credits and Federal Home Loan Bank resources.

KHRC created the Moderate Income Housing (MIH) Program in 2012 after the Kansas Legislature passed a bill which provided \$2 million to the State Housing Trust Fund (SHTF) for the purpose of administering and supporting housing programs. From 2012 to 2021, KHRC received \$2 million each year. In 2022 KHRC received a groundbreaking \$42 million, followed by \$2 million in 2023 and \$12 million in 2024. The program was not funded in 2025.

The MIH awards, which come in the form of grants and/or loans, include the development of multi-family rental units, single-family for-purchase homes, and water, sewer and street extensions. Some awards also provide funds to finance construction costs, rehabilitate unsafe or dilapidated housing, and offer down payment and closing cost assistance to homebuyers. Infrastructure improvements will allow for the development of housing that is being financed by the private sector. In 2025, KHRC opened an application round to award the remaining funds allocated in 2024, funding 13 housing projects across the state.

CR-55 - HOPWA 91.520(e)

Identify the number of individuals assisted and the types of assistance provided

Table for report on the one-year goals for the number of households provided housing through the use of HOPWA activities for: short-term rent, mortgage, and utility assistance payments to prevent homelessness of the individual or family; tenant-based rental assistance; and units provided in housing facilities developed, leased, or operated with HOPWA funds.

Number of Households Served Through:	One-year Goal	Actual
Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family	90	154
Tenant-based rental assistance	30	35
Units provided in permanent housing facilities developed, leased, or operated with HOPWA funds	0	0
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds	30	0

Table 14 – HOPWA Number of Households Served

Narrative

The HOPWA Program provided housing assistance to a total of 216 clients. Many of these clients accessed more than one service. The program had 35 clients who accessed the TBRA/LT program for 2025. Long-term assistance had one additional client more than 2024 as short term assistance continued to be needed more for stability.

The average subsidy for clients in long-term (TBRA) assistance was \$492.00 per month. Clients on average had around \$1150.00 a month in income as clients were a little over the SS amount and 51 clients had zero income. By the end of 2025, the HOPWA Program had 19 out of a possible 35 clients in the TBRA/LT program.

One hundred and fifty-four clients accessed the Short-Term Rent, Mortgage and Utility program (STRMU), with 61 clients accessing deposit assistance and 58 clients accessing transitional/homeless prevention assistance. Fourteen clients accessed moving assistance and two accessed emergency hotel assistance.

Utility requests were up significantly to 139 in 2025. The average though for each bill was around \$227. We are continuing to have clients look at other resources to supplement additional utility assistance

needs. Clients are required to sign up for LIEAP at the beginning of the year and we provide resources for other parts of the state.

Sixty-four clients who accessed STRMU services in 2025 accessed short term in the previous year and forty-two clients accessed short term in 2025 accessed the program two year prior. Short term continues to be needed and more of it as we are seeing more clients coming back in the program but not being stable enough to look at long term assistance.

The HOPWA long term program had 35 clients in 2025. We continue to look at adding more clients to the TBRA program but with the lack of consistency in income we have had to continue to look at additional short-term requests. We are hoping that we can reach closer to 50 or 60 clients minimum in the long-term program.

Long Term assistance has continued to stay around 30 to 35 clients for the year. With higher rents and very limited income we will try and get closer to 50 to 60 clients accessing the long term program in 2026.

Short term assistance has continued to be a greater need for the program. Many clients have been running into lack of stable income to look at long term assistance. The need for utility and rental assistance continues to be crucial in helping clients maintain stability.

Supportive services continues to be a necessary part of the program especially with transportation. We continue to see the budget for transportation go over each year and we may have to limit other supportive services to keep up with the need for transportation.

The HOPWA program will continue to look at the core housing services to add more funding to them. Long Term and Short Term assistance will continue to see a great deal of need and more transitional housing will continue to be necessary. With many housing programs seeing wait lists over 3 years more funds will need to be accessed for long term assistance.

HOPWA provides resource assistance to clients who need additional services such as utility assistance, rental assistance, counseling, transportation, and food pantry providers as well as information for housing authority and low-income housing. The HOPWA program provided over 500 information contacts and referrals to clients. HOPWA will continue to look at more resources around the state.

CR-56 - HTF 91.520(h)

Describe the extent to which the grantee complied with its approved HTF allocation plan and the requirements of 24 CFR part 93.

A formal system was used to evaluate, select, and fund applications for deferred loans. The selection criteria were designed to facilitate an objective assessment of need for the proposed housing, the applicant's capacity to develop and manage affordable housing, and the specific characteristics of the proposed activity (including but not limited to location and site planning, building design and construction, affordability, cost reasonableness, and financial sustainability). The application was posted on the website www.kshousingcorp.org.

KHRC did not distribute HTF funds through local jurisdiction subgrantees, but made funding available statewide through a competitive application process to eligible recipients whose applications addressed the criteria outlined in the allocation plan as well as priority housing needs as identified in the state's Consolidated Plan.

HTF funds were offered as a loan, with payments deferred for the duration of the statutory affordability period, provided the activity is completed per the written agreement, and remains compliant with the terms of both the statute and written agreement for the duration of that affordability period.

Eligible activities under Housing Trust Fund (HTF) were acquisition and/or rehabilitation of existing rental housing and new construction of rental housing. In compliance with 24CFR Part 93, HTF-assisted rental units will be subject to rent and income restrictions contained in that statute for a minimum of 30 years.

KHRC provided HTF funding to rental development activities which supported the objectives of the HTF program to provide affordable housing to extremely-low-income households by expanding and maintaining the supply of decent, safe, sanitary, accessible, and affordable rental housing and leveraging private sector participation.

KHRC did not allocate HTF funds for eligible operating cost assistance and reserves in accordance with 24 CFR 93.201(e) but retains the option to do so with future allocations.

Tenure Type	0 – 30% AMI	0% of 30+ to poverty line (when poverty line is higher than 30% AMI)	% of the higher of 30+ AMI or poverty line to 50% AMI	Total Occupied Units	Units Completed, Not Occupied	Total Completed Units
